GIN OF THE MONTH

SIPSMITH DISTILLERY

'It all began in 2009, in a tiny workshop in Hammersmith, London. Two childhood friends, Fairfax and Sam, had an unwavering belief in things well made - the way they used to be, the way they should be. So they set up London's first traditional copper distillery since 1820. Their mission was simple: to bring London Dry Gin of truly uncompromising quality and character, back to the city where it first earned its name. Every bottle of Sipsmith is hand-crafted in genuinely small batches. Every drop of every batch is lovingly laboured over by hand, by our dedicated distillers. No regimented timings, no automatic cuts, just a craftsman's flair and a passion for gin well made. We believe this is the only way to craft spirits of this quality".
